# FLORIDA BRIGHT FUTURES

Florida Bright Futures is a state funded program that provides students with the opportunity to earn 100% tuition or 75% tuition based on weighted GPA and SAT/ACT scores. In order to be eligible for the 100% scholarship, students need to perform 100 hours of community service and log it through Profferfish. To be eligible for the 75% scholarship, students must complete 75 community service hours and log these hours into Profferfish.

In addition to students meeting these requirements, students who earn the AICE Diploma are also eligible to receive Florida Bright Futures with completion of 100 service hours. The program is accepted at any Public Florida University. The credit cost can also be translated to the cost of a Private University within the state of Florida, the student would then be responsible for the difference in credit hour cost.
